

# Attention City of Racine residents:

## ***A new State of Wisconsin electronics recycling law goes into effect September 1, 2010***

Starting Wednesday a new State of Wisconsin law prohibits the disposal of all the following electronic devices in our landfill:

- Desktop/laptop/portable computers
- Computer components including monitors, keyboards, mice, speakers, scanners, flash drives and hard drives
- Televisions, DVD, VCR and other video players
- Gaming controls and devices
- Printer/copier/fax machines
- Cellular phones and handheld devices

**Keep these devices out of regular and recyclables collection.** Contact local electronic retailers to receive current disposal rates, or drop off devices at the DPW Pearl Street Facility for a small fee (mid-April to mid-November).

**Department of Public Works, City of Racine**
